Nurturing Little Minds

Toddler Care | Nursery | Kindergarten | Day Care

AN INITIATIVE BY BRAINY FLOCK PVT LTD & KSD INTERNATIONAL SCHOOL

“

The goal of early childhood education should be to activate the child's own natural desire to learn

”

MARIA MONTESSORI

ABOUT US

Peas in Pod Preschool is an initiative of Brainyflock Private Limited & KSD International School, Greater Noida, India. We are North India's Fastest Growing Preschool & Day Care Chain.

- In our endeavor to match international standards in overall development, we have implemented curricular and co-curricular strategies that are backed up with research. A child's first step in the Peas In Pod family ensures his/her readiness for future challenges.
- With a team of efficient and globally dedicated educators, state-of-the-art infrastructure, we provide learning spaces that unfold the varied potentials and hone them to perfection.

OUR MISSION

For future academic success, we aim at providing our children with a safe and nurturing environment that promotes social, emotional, cognitive, and physical growth for a positive self-image and a love of learning.

- To develop closely-knit teacher-student bonds so that they can achieve the best learning outcomes and the life skills required for success in their future life.

OUR VISION

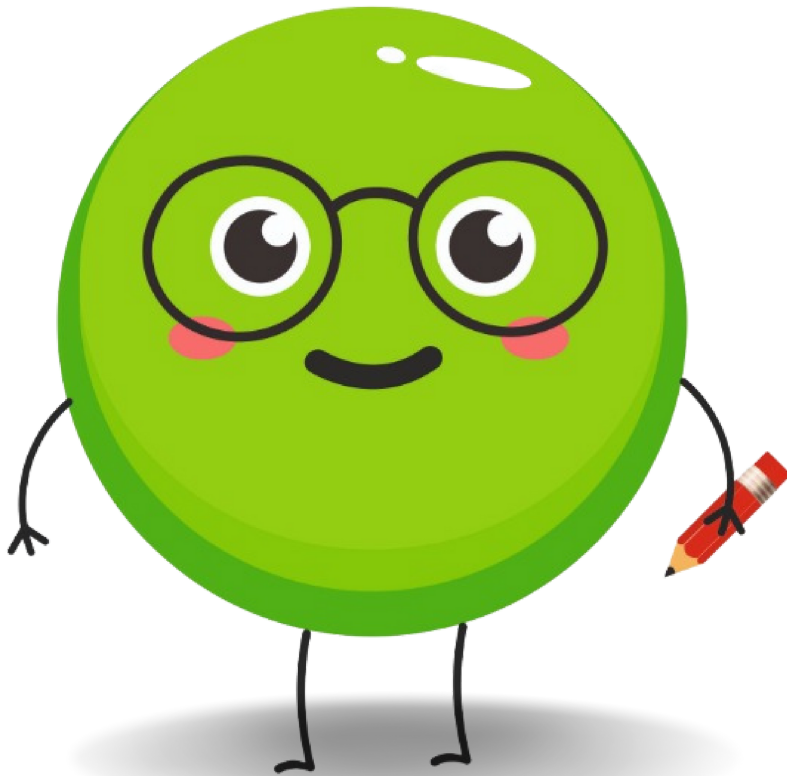

At Peas In Pods, our vision is to infuse deep-rooted values in our children that nurture generosity, selflessness, responsible, and global citizens ready to shape a better world

- To encourage children to develop their full potential. To offer a positive and unique early learning childhood experience.

"EDUCATION IS NOT THE FILLING OF A PAIL, BUT THE LIGHTING OF A FIRE"

OUR JOURNEY

We have over a decade of experience in the Early Childhood Education Industry. Having started our journey in the education segment in 2010 with an educational consultancy firm we entered the Early Childhood Education vertical with the formation of NND & Sons Private Limited in the year 2016.

The group established four consecutive Preschool Centers between 2017 to 2020. In the year 2019, the Preschool Chain, Peas in Pods was established under our parent company Brainyflock Pvt. Ltd.

In the year 2020, the group formed KSD International School (Primary Wing) and also entered in Corporate Daycare Segment and school franchise vertical. Presently Peas In Pods 50+ Centres across Pan-India in 7+ Cities in addition to centers in Nepal.

OUR CORE VALUE PROPOSITION

- Unique Curriculum with Structured Pedagogy, developed in-house by Industry Experts.
- Industry Leading Academic & Teacher Training Support and Child-Centric Curriculum Design.
- Over a Decade of Leadership and Expertise in Early Childhood Education.

"CHILDREN MUST BE TAUGHT HOW TO THINK, NOT WHAT TO THINK"

MRS. SHILPY DUBEY

Academic Director, Peas in Pod

PEASUM

Taking a big leap forward in imparting early education of global standards to our little toddlers, Peas in Pods has designed its curriculum, "Peasum", as per the latest guidelines made available in the New Education Policy. "Peasum", in essence, encapsulates the various aspects of a child's personality and nurtures and drives the X factor unique to every child. We believe every child is uniquely different and it is important to nurture all the various aspects during this crucial stage of early childhood.

Our Peasum Curriculum defines an integrated approach to teaching and learning for children of ages 18 months to 8 years. The purpose of the program is to establish a strong foundation for learning in the early years and to do so in a safe, caring, play-based, and academically enriching environment. Our pedagogical philosophy is an amalgamation of Montessori and Playway Methodology. Our whole-child development framework is further defined by the driving principle of Howard Gardner's Theory of Multiple Intelligences, which clearly identifies several bits of intelligence and preferences that human beings depend upon, to take in information and solve problems.

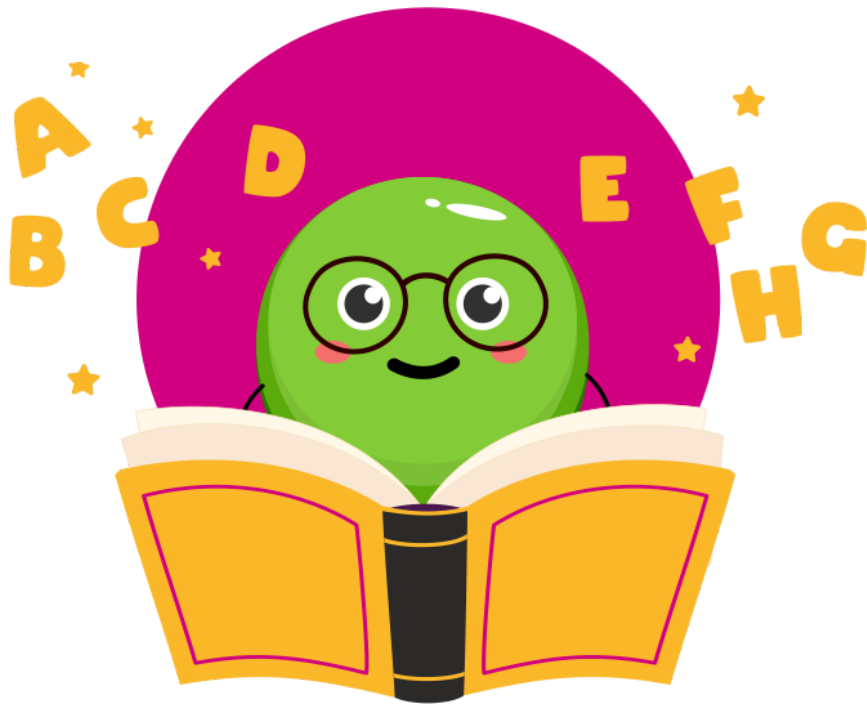

KEY HIGHLIGHTS

PARENT'S PARTNERSHIP PROGRAMME

Peasum has specific elements specially designed to have a community of well-informed and active parents. Surveys across the world show that informed parents lead to a beneficial effect on academic achievement and long-term outcomes of students results. The dedicated and customized parents segment of PEA-LEARN has details and references for parents for understanding the classroom teaching so that the learning can be taken up beyond the classroom.

EXPLICIT FOCUS ON TANGIBLE OUTCOMES

Peasum offers a paved path of success through its worksheets that are designed with a purpose that goes beyond being a tool for written assessment. Each Worksheet has a preset objective provided with a set of supplement worksheets which prove to be a boon for the learners. It helps the students to refine, revise, practise and retry.

"CHILDREN MUST BE TAUGHT HOW TO THINK, NOT WHAT TO THINK"

INTENTIONAL TEACHING

With Intentional Teaching, we aim to act with tangible outcomes or goals in mind for the child's holistic development and learning

- With Intentional Teaching, the child takes the center stage around whom the curriculum is designed and delivered.
- We believe every child is unique and they require the right nurturing in order to achieve their true potential.
- The teaching is based on helping each child progress from one level to another in a more sociable and interactive environment so that they become independent learners.
- We provide the right kind of visual provocation in the learning environment so that kids have the freedom to express themselves
- We identify and nurture the areas of interest of the individual child (by bringing a sense of inquisitiveness in the child through various life skill activities)
- Through Intentional Teaching children learn best when they can inquire into areas of their interest through meaningful interactions with adults and peers.
- Engaging young children through play-based inquiry helps create a natural love for learning in them.

HOLISTIC CURRICULUM FOR OPTIMUM DEVELOPMENT

Cutting Edge Teaching & Learning Methodology

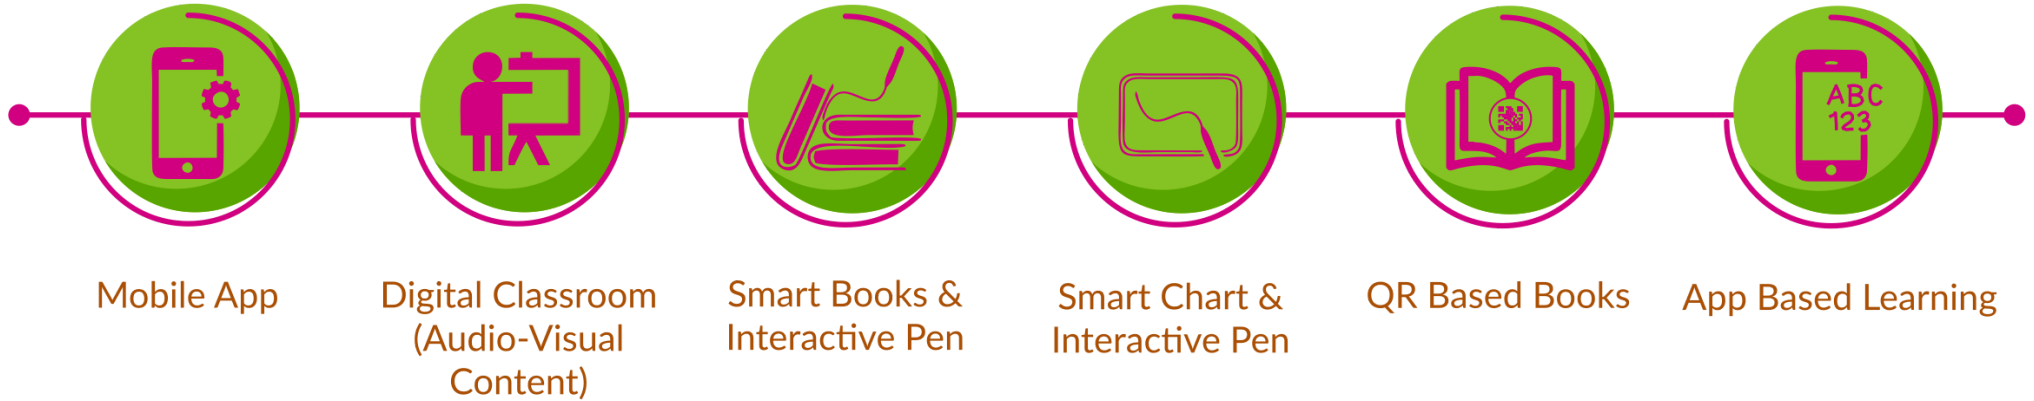

Learning Outcomes defined by Multiple Intelligence & Exploration

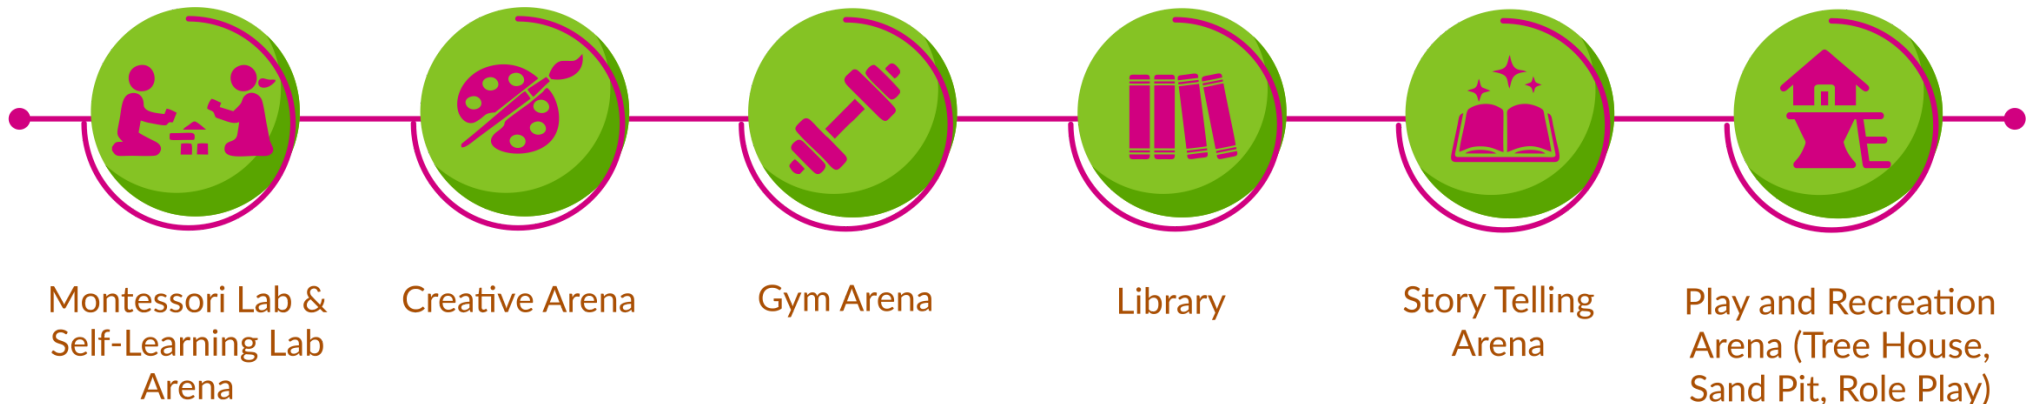

Intentionally Planned & Developmentally Appropriate Curriculum

Amalgamation of Montessori & Playway Method

INTEGRATED DIGITAL LEARNING

TRANSLATIONAL LEARNING ARENA FOR BLENDED EDUCATION

KEY DEVELOPMENT AREAS

FOUNDATIONAL LITERACY

Communication and language development are noteworthy because communicating is an essential element of fine motor skill progress and an image of cognitive development. At Peas in Pod, we inject exercises and activities involving communication and language development in a manner that has a strong foundation. Activities related to stimulating the development of this category comprise Vocab Building, Story- Telling, Picture Reading etc.

NURTURING INDIVIDUAL POTENTIAL

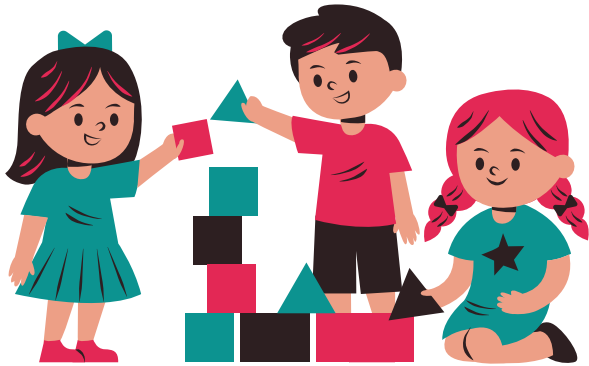

Beyond teaching academics, we are fostering a child's Individual potential by focusing on their emotional skills, creativity, identity, and overall well-being in every child. Our curriculum gives freedom to explore, express, and open up their wings

GROSS & FINE MOTOR SKILLS

Acquiring motor skills is just one aspect of children's development. Mastering both gross and fine motor skills is important for children's growth and independence. Our teaching aids are sticking, sorting, clay molding, coloring, and writing activities are used to enhance these skills.

KEY DEVELOPMENT AREAS

SOCIAL DEVELOPMENT

In their first few years of life, young children acquire social and emotional skills, such as regulating emotions, sharing with others and following instructions. These skills lay the foundation for developing literacy, numeracy and other cognitive abilities that are critical for success in school and life.

COGNITIVE DEVELOPMENT

As children get older, they develop an increased capacity to retain information, think critically, and focus. Cognitive skills enable children to see connections between ideas, understand cause and effect, and develop analytical thinking

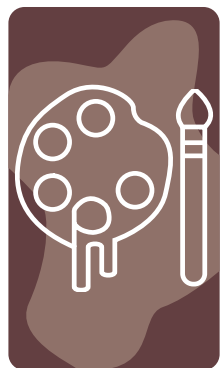

CREATIVE DEVELOPMENT

Creative play develops preschooler confidence, language, physical and thinking skills, imagination, and emotional understanding. At Peas In Pods, creative development is at the heart of our Early Childhood Curriculum.

PIP ACADEMY

ART & CRAFT

CHESS

DANCE

India produces some of the most promising young talents compared to anywhere in the world. We're proud to have trained students who've gone on to become some of the finest dancers and musicians.

It is important to work on the holistic development in the early years of the child which encompasses both academic and activity-based learning as well.

At the PIP Academy, we provide a conducive environment for the children by providing them quality exposure through organizing various certified courses in the field of Sports, Music, and Art at a highly competitive level.

We further guide and mentor young students to achieve their fullest potential by providing a structured environment with a planned path to success without any compromise on academics.

With the PIP Academy, we strive to provide our younger ones a platform to explore various interests, provide a safe space to fail along with guidance on how to get back up again. With tangible learning outcomes, we ensure that the progress is tracked to a T and the same be regularly shared with the parents.

OUR ONGOING K-12 SCHOOL PROJECT

KSD INTERNATIONAL SCHOOL

Continuing with our effort of providing quality education, we have ventured into the Senior Secondary (10+2) Schooling. KSD International is a chain of CBSE Affiliated co-educational schools. We launched our 1st school at Greater Noida (West) in the year 2019. Our thought is based on Indian values and rich culture integrated with a global mindset. We have started with a mindset to develop an open-minded, creative, innovative, and self-disciplined citizen.
